A wonderful powder of rare merit and unrivaled strength.

Live Stock Letter

Stock market, Kansas City, Mo., Tuesday, March 27, 1906.—There are signs this week that the cattle supply is shortening up. For two days this week is 20,000 head, against 24,000 same days last week, and receipts first two days this week are also smaller for same days any week this year. The market declined 10 to 15 cents last week, but this has been recovered yesterday and today. February receipts this year are the heaviest ever received here in February, 105,000 head against 130,000 largest previous February, in 1904, and 102,000 in February last year. Liberal country buying in the last two months, 50 percent more than same time last year, may be felt in the spring in heavier receipts of beef steers, and thereby cut some figure in the market.

The cattle run today is 10,000 head, against 13,000 on recent Tuesdays. Beef steers are strong to 10 higher yesterday, and the time advance is quoted today, top steers today \$5.75. Bulk of the steers today \$4.75 to \$5.40. Buyers have favored light weight steers and the best heifers for last few weeks, top heifers selling at \$4.50 to \$5, best heavy cows \$4.40 to \$4.44, bulk of the stuff \$3.25 to \$4.25, and \$2.75 to \$4, canners \$2.25 to \$3. Vats have broken 25 to 50 cents in the last few days, best ones fairly reaching \$7, now. Stockers and feeders lost 15 to 25 cents last week, selling steady to a shade better this week, best feeders \$4.25 to \$4.80, stockers \$3.50 to \$4.40, for bulk of sales, common cattle around \$3.

Heavy receipts were heavy last week, at 20,000 for two days. Market is very uneven, and the scene of a conflict every day, with sellers holding some advantage. Market was off 10 to 15 cents yesterday, but is up 5 to 10 cents today, with a top of \$6.25, within 5 cents of best time this year, paid on two different days recently. Bulk of sales today \$6.05 to \$6.15, light hogs \$5.90 to \$6.10 mainly, pigs around \$5.50. February receipts amount to 227,000, against 198,600 last February.

Lambs continue to exhibit weakness, while sheep remain steady to strong. Supply is lighter this week, 12,500 for the two days, against 21,000 same days last week. The market is steady today, with lambs ranging from \$6.20 to \$6.40, with the limit around \$6.75, yearlings sell at \$5.75 to \$6., weathers \$5.60 to \$5.80, ewes have a wide range, \$4.25 to \$5.35, the latter very prime. Receipts for February 155,000, last year 130,000, which was the largest receipts for February previous to this year.

MACK CRECHER'S OBSERVATIONS.

(From the Sedgwick Pantagraph)
If you don't try to help yourself life is safe but no one else will undertake the job.

When you find a man who claims he doesn't like flattery, lay it on thick. He'll stand for it.

If you are satisfied with the results you accomplish it's a pretty sure sign you have reached your limit.

Worry kills more people than work, yet neither one of them make business very brisk for the undertaker.

Your friends are the people who boost for you when your back is turned. They are not so numerous as you might imagine.

If you don't know what Allee Roosevelt's petticoat is trimmed with, it's certainly because you don't read the papers.

We remember the pleasant things. We forget the disagreeable. That's one reason why the good old days seem so good.

If there are no objections we would like to suggest the words "lady" and "Esq." as possible winners in Dodge City's word contest.

Considering the fact that they didn't get to print the invitations, the newspapers gave the Roosevelt-Longworth wedding a good deal of advertising.

Every Niece and Nephew of Uncle Sam

should be deeply interested in what he has said about soda crackers, because they are the one food with which all of them are familiar.

Uncle Sam has given out figures showing that soda crackers are richer in nutriment and body-building elements, properly proportioned, than any food made from flour.

This is saying much for common soda crackers, and much more for **Uneeda Biscuit**, because they are soda crackers of the best quality. They are baked better—more scientifically. They are packed better—more cleanly. The damp, dust and odor proof package retains all the goodness and nutriment of the wheat, all the freshness of the best baking, all the purity of the cleanest bakeries.

Your Uncle Sam has shown what food he thinks best for his people. His people have shown that they think **Uneeda Biscuit** the best of that food, nearly 400,000,000 packages having already been consumed.
